ABOUT

Passionate Gameplay Developer with over 5 years of experience in the video game industry. After spending a year as an independent developer, I created my first game, Hex Harmony. Today, I am looking to join a game studio where I can collaborate with a team and contribute to the development of new video games.

EXPERIENCE

Unity / C# Instructor — 2026 (present)
Brassart School, Montpellier
- Taught Unity and C# programming to students
- Designed educational workshops and supported student projects

Independent Game Developer — 2025 - 2026 (present)
Freelance, Montpellier
- Developed my first personal game, Hex Harmony (puzzle/city-building game)
- Launched a YouTube channel to document the game's development
- Completed freelance assignments in development and project management

Lead Developer — 2024 - 2025 (6 months)
Carfooly, Montpellier
- Lead development of the free-to-play mobile game Need For Touring
- Set up internal production workflows and managed project planning
- Supervised and mentored a team of five developers (junior and apprentices)

Gameplay Programmer / Producer — 2022 - 2024 (2 years)
Smart Tale, Montpellier
- Ported Smurfs Kart to Nintendo Switch, PlayStation, Xbox, and Steam
- Developed gameplay features for F1 Mobile Racing (Electronic Arts)
- Designed a 15-minute horror game in collaboration with Ovomind
- Management of the Chumbi Valley project and led a team of 12 people

Digital Learning Designer & Developer — 2020 - 2022 (2 years)
Renault Group (Apprenticeship), Cléon Plant
- Developed Virtual Reality training programs
- Management of digital learning projects

Unity Instructor — 2018 - 2020 (2 years)
Digi Activity, Paris
- Taught the Unity game engine to teenagers
- Designed educational workshops

Game Design Intern — 2019 (3 months)
GG Escape Game, Paris
- Designed an escape room

EDUCATION

Master's Degree in Computer Engineering Management — 2020 - 2022 (2 years)
Specialization in Gaming & Smart Technologies – ESIEE-IT, Cergy

International Business & Entrepreneurship Program — 2022 (3 months)
University Laval, Québec

Bachelor's Degree in Game Design — 2017 - 2020 (3 years)
